

Have you ever been treated for cancer?

If **yes**, explain therapy:

Have you ever received X-rays to the pelvic area for therapy or diagnosis?

If **yes**, specify:

Within the last year have you taken any prescription medications?

If **yes**, list all prescriptions and problems for which you were taking them.

Ex. lisinopril – high blood pressure

Are you taking any over-the-counter medications on a regular basis?

Ex. Low dose aspirin – high blood pressure

Anemia	Epilepsy	Endometriosis	Nongonococcal Urethritis
Anorexia		Gallbladder Problems	Ovarian Cysts
Appendicitis		Gonorrhea	Pelvic Infection
Arthritis		Heart Disease	Pneumonia
Bladder Infections		Hepatitis	Poor Sense of Smell
Blood Transfusions		Type?	Problems with Skin
Breast Milky Discharge		Herpes	Pigmentation
Breast Soreness		Hirsutism	Rheumatic Fever
Breast Tenderness		Excess hair growth	Scarlet Fever
Cancer		High Blood Pressure	Seizures
Specify:		Immunizations	Spastic Colon
Chest Pain		for German Measles	Syphilis
Chlamydia		Kidney Infection	Thyroid Problems
Chronic Bronchitis		Liver Problems	Type?
Chronic Headaches		Loss of Balance	Tuberculosis
Colitis		Lupus	Vaginitis: Trichomoniasis/Yeast,
Color Blind		Measles, German	# of Episodes?
Diabetes		Measles, Regular	Visual Disturbances
Dizziness		Neurological Problems	Vitiligo

Allergies *list any allergies:*

Do you or have you have you ever used (*check all that apply*)

Alcohol

About how many ounces per week?

Cigarettes

Number of packs per day?

Recreational Drugs (*marijuana, cocaine, etc.*)

III. Menstrual and Pregnancy History

Age at first period?

Date of last period?

Are your periods regular?

If yes, what is the usual number of days between periods?

If no, how many times per year do you menstruate?

What is the usual duration of your period?

Use:

Are cramps present before, during or after your period?

Cramps are

Do you have to take pain medication for cramps?

If yes, specify medication:

Do you bleed or spot between periods?

How many pregnancies (including abortions) have you had?

When?	Outcome?	Infertility treatment?	How long to conceive?	Is current partner the father?
-------	----------	------------------------	-----------------------	--------------------------------

5

6

7

Were there any complications during or after your pregnancies?

If yes, explain:

Did your mother have any difficulty with conception or pregnancy?

If yes, explain:

How long have you now been trying to get pregnant?

Did your mother take diethylstilbestrol (DES) when she was pregnant with you?

IV. Contraceptive/Sexual History

What forms of contraception do you use now or have you used in the past?

Pills

IUD

Other

For each contraceptive method use, specify length of use and reason for discontinuation.

Method

Length of Use

Reason for Discontinuation

If you've ever been on oral contraceptives (pills), were your periods regular after stopping the pills?

How many times per week do you and your partner have sexual intercourse?

How many times do you have intercourse around ovulation?

Is intercourse painful or difficult for you?

Do you use lubricants for intercourse?

If yes, which brand?

Do you douche before or after intercourse?

V. History of Fertility Therapy (if applicable)

Have you been treated for infertility before?

If yes, who was your physician?

What cause of infertility was diagnosed?

What drugs have you taken for infertility?

Check all that apply.

hMG

Estrogens

Progesterone

Prednisone (or cortisone like drugs)

Antibiotics

GnRH or LHRH (Factrel)

Clomiphene citrate (Clomid)
 Bromocriptine (Parlodel)
 Follistim/Gonal-F or FSH

hCG (Ovidrel.)
 Letrozole (femara)
 Other, specify:

Which of the following tests have you had performed:

	When	Results
BBT		
Postcoital Test		
Hormonal Assays (AMH, FSH, LH, prolactin, estrogen, DHEA, testosterone, progesterone)		
Endometrial Biopsy		
Hysterosalpingogram (HSG)		
Ultrasound		
Antibodies		
Laparoscopy/Hysteroscopy		
Mycoplasma/Chlamydia/ Gonococcus cultures		
Prolactin		
Thyroid Tests		
Other, specify:		

VI. Family History

	Age(s)	Health Problems	Age at Menopause*	N/A
Mother*				
Father				
Sister(s)*				
Brother(s)				

Check all of the following disorders for which you have a family history. Next to each item state which blood relative (mother, father, sister, brother, maternal/paternal grandmother, maternal/paternal grandfather, maternal/paternal aunt or maternal/paternal uncle, cousin) had the disorder.

Disorder	Blood Relative(s)
Cancer	
Thyroid Problems (including goiter)	
Hypertension (high blood pressure)	
Hirsutism (excessive hair growth)	
Diabetes	
Kidney Disease	

- Tuberculosis (TB)
- Heart Disease
- Obesity
- Neurologic (nerve) Disorders
- Others, specify:

Are there any genetic disorders in your family?

If yes, specify:

VII. Review of Symptoms

Check all of the following disorders that you currently have or have experienced in the past. Please explain as completely as possible, including when you have had symptoms or are currently experiencing symptoms.

Central Nervous System Comments

- Seizures
- Migraine headaches
- Other:

Eyes, Ears, Nose and Throat Comments

- Wear contact lenses
- Eye disorders
- Problem with sense of smell
- Other:

Skin Comments

- Rash
- Vitiligo
- Problems with skin pigmentation
- Acne
- Other:

Cardiovascular Comments

- Chest pain
- Palpitations
- Diagnosed with rheumatic fever

Heart valve disease
High blood pressure
Mitral valve prolapse
Given prophylactic antibiotics
before dental work or surgery
Other:

Respiratory

Shortness of breath
Asthma (date of last attack)
Bronchitis
Pneumonia
Blood in sputum
Other:

Comments

Gastrointestinal

Nausea/vomiting
Blood in stool
Ulcers
Hepatitis
Constipation/spastic colon
Poor appetite/anorexia
Celiac disease
Other:

Comments

Genitourinary

Bladder infections (cystitis)
Kidney infection
Gonorrhea/Syphilis/Herpes
Vaginal infections
Pelvic inflammatory disease
(PID)
Pelvic pain
Other:

Comments

Musculoskeletal**Comments**

Unusual muscle weakness
Decreased energy/stamina
Rheumatoid arthritis
Lupus erythematosus (SLE)
Other:

Hematologic**Comments**

Blood clotting disorder
Sickle cell anemia or trait
Other:

Endocrine**Comments**

Diabetes
Hypoglycemia
Thyroid disease
Hirsutism (excessive hair growth
on various parts of the body)
Rapid weight gain
Rapid weight loss
Other:

Do you have any sexual problems that you would like to discuss?

Have you been screened for immunity to rubella (German measles)?

Have you been vaccinated against hepatitis B?

ARE YOU ALLERGIC TO ANY MEDICATION?

If **yes**, please list medications to which you are allergic and describe the reaction you have to each.

Example: Benadryl

Hives

If you are currently trying to become pregnant, please answer the following questions:
